

SPRING 2016

PURE EARTH ELEMENTS

by DSA Aromatherapy

Hello Spring!

This is my first spring specials catalog and I am very excited to offer you great deals on some of my popular care products.

Both quality ingredients and my intentions make Pure Earth Elements products unique. I use superior quality raw ingredients and develop original recipes based on my philosophy of health.

All products are paraben-free, petroleum-free, chemical-free, cruelty-free, handmade and contain no animal products. They are suitable for all skin types, even those with compromised immune systems.

Enjoy using these products as you enjoy the outdoors!

White Tea Restorative Emulsion

White Tea Restorative Emulsion with organic white tea and calendula tinctures is especially effective for skin after exposure to sun, wind, or harsh environmental conditions. This is a specialty cream you can use daily for face and body when your skin needs a boost. It looks like a heavy cream but has its own unique buttery texture. A small amount is ultra-moisturizing on your thirsty skin.

Active ingredients are white tea and calendula tinctures. White tea—although from the same *Camellia sinensis* plant as green and black teas—is minimally processed and is higher in antioxidants. It boosts skin cell immune function and protects cells from damaging sun exposure. Researchers believe white tea's effectiveness in cosmetics is because of the high antioxidant properties.

Calendula tincture is known for its soothing skin properties, especially for sun-damaged or chapped skin, and is the perfect companion for white tea.

Bamboo Facial Cleanser

Bamboo Facial Cleanser is a gentle skin cleanser and makeup remover for all skin types. You have the option to use it as a smooth cream or an exfoliating cream by adding a few bamboo powder granules for a skin polishing effect and deep cleansing. A separate vial of bamboo powder is included with your cleanser.

You don't need to worry about damaging your skin because bamboo granules are spherical and do not cut your skin. Mechanical skin exfoliation brings a radiant glow and smoother skin. This cleanser washes and moisturizes your skin without destroying your skin's protective acid mantle as harsh cleansers may do.

Lavender & Helichrysum Spray

Lavender & Helichrysum Toner and Hydrator, affectionately known as Lavender Spray, is a multi-purpose spray for sunburn, minor muscle aches, minor burns, facial toner, room spray, itching, and rashes. This is my best-selling product, and customers continue to find more uses—such as a travel spray for sanitizing hands, hot flashes, detangling hair, and diaper rash.

Lavender Spray is antibacterial, antiviral, and antifungal with an all-organic essential oil blend of Lavender, Rose, & Helichrysum.

The naturally-occurring esters in Lavender impart therapeutic qualities to the essential oil, making it an effective soothing and balancing oil with antimicrobial action.

Raspberry Sunscreen

Raspberry Sunscreen is for everyday use on your face and body. Moderate natural sun protection is provided by black raspberry seed oil and rice bran oil with their antioxidant, anti-inflammatory, and sun protective properties. This is a lightweight lotion that moisturizes your skin and absorbs quickly.

Black raspberry seed oil is a rich source of Omega-3 fatty acids and antioxidant actives. When solar rays hit your skin antioxidants move up to act like sunscreen.

Lip Conditions – Vitamin E, Orange & Mint

Lip Conditions are created with moisturizing, Vitamins A-rich and D-rich avocado oil and antioxidant, Vitamin E-filled jojoba.

Vitamin E Lip Condition is our most popular lip condition. It is aroma-free and contains double Vitamin E. It may be used around your eyes to soften “crows feet.”

Orange Lip Condition is a soothing, creamy citrus option for your lips. Orange essential oil is uplifting and a happy, peaceful aroma for your mind, body, and heart.

Mint Lip Condition contains Peppermint and Spearmint oils. It gives your lips a bit more fullness when freshly applied. Peppermint essential oil is a breath freshener, and the minty aroma stimulates your mind. Spearmint can help release emotional blocks.

Spa Soaps

Lavender Orange Spa Soap

Lavender and cold-pressed Orange impart a peacefulness with their unique, intertwining aromas in a colorful bar of soap. Cold-pressed orange essential oil gives the most accurate fresh fruit aroma—light and sweet. Distilled orange oil can have a bittersweet, sharp smell.

Luscious Lavender Spa Soap

Organic Bulgarian Lavender is still my favorite for a strong, complete aroma that benefits not only your body but also your spiritual and emotional aspects. It has a fresh floral aroma with a touch of woody, herbaceous notes. Best seller!

Oatmeal Peppermint Spa Soap

Oatmeal Peppermint Spa Soap is a favorite with both men and women. It has a powerful peppermint aroma and thick “shaving cream” lather. Organic rolled oats and almond dust comfortably exfoliate your skin and leave it feeling fresh. Breathe into your washcloth to open sinuses.

Oil of Lime Spa Soap

Oil of Lime Spa Soap is handcrafted with pure Italian Lime essential oil, organic virgin coconut oil, and organic shea butter into a hard, long-lasting bar with foamy lather. This soap has a robust lime peel aroma you will love. Citrus essential oils are valued for their antiviral and antibacterial properties

South Padre Rose Spa Soap

South Padre Rose was inspired by my love of flowers, beaches, and ocean breezes. At the southernmost tip of Texas is South Padre Island with the unique Gulf of Mexico gray-green waters lapping against pale sand and grassy dunes. There’s something calming about the feel of sand between your toes as you slow to acknowledge each plant, large or small, dancing to the coastal winds. This soap honors a hardy beach rose with the orange-tinged Rose layer. A second layer represents the soothing simplicity of sand with meditative Frankincense.
