The Recovery Elixir

The Recovery Elixir softens lines and helps your skin plump as you sleep. It uses fruit acids to improve your skin's appearance over time by gently exfoliating dry, weathered, or damaged skin and also reaches your deeper skin layers, promoting collagen and elastin synthesis for firmer skin texture.

Other effective ingredients are Rooibos Tea Tincture, an antioxidant that limits free radical damage and soothes your skin; Vitamin C, which improves skin tone and fades dark spots; and Peptide Proteins from pumpkin and sweet almond to promote collagen and smooth skin.

Use sparingly on arms, legs, chest, back, and face—customize for whatever areas your body requires.

Consistent nightly use with a minimal amount is more important than sporadically using globs of Elixir!

Lip Conditions – Vitamin E, Orange & Mint

Lip Conditions are created with moisturizing avocado oil and jojoba, giving your lips powerful protection from the elements with Vitamins A, D, and E.

Vitamin E Lip Condition is my most popular lip condition. It is aroma-free and contains double Vitamin E. It may be used around your eyes to soften “crow’s feet.”

Orange Lip Condition is a soothing, creamy citrus option for your lips. Orange essential oil is uplifting and a happy, peaceful aroma for your mind, body, and heart.

Mint Lip Condition contains Peppermint and Spearmint oils. It gives your lips a bit more fullness when freshly applied. Peppermint essential oil is a breath freshener, and the minty aroma stimulates your mind. Spearmint can help release emotional blocks.

Spa Soaps

Lavender Ice Spa Soap

Refreshing Peppermint essential oil gives the aromatically beautiful Lavender aroma a sparkling boost in this combination perfect for any season. Organic Lavender buds are sprinkled about the soap face for fun as you lather up this foamy bar!

Lemon Bar Spa Soap

Bring sunshine to your day and a big smile to your face! You will love the fresh, clean aroma it leaves on your skin. Handcrafted Lemon Bar Spa Soap is created with pure, therapeutic-grade Lemon essential oil and clean ingredients from Nature's bounty. Lemon is said to promote purification of physical energy.

Luscious Lavender Spa Soap

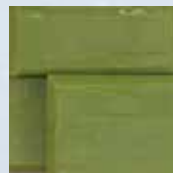

Organic Bulgarian Lavender is still my favorite for a strong, complete aroma that benefits not only your body but also your spiritual and emotional aspects. It has a fresh floral aroma with a touch of woody, herbaceous notes. Best seller!

Oatmeal Peppermint Spa Soap

Oatmeal Peppermint Spa Soap is a favorite with both men and women. It has a powerful peppermint aroma and thick "shaving cream" lather. Organic rolled oats and almond dust comfortably exfoliate your skin and leave it feeling fresh. Breathe into your washcloth to open sinuses.

Oil of Lime Spa Soap

Oil of Lime Spa Soap is handcrafted with pure Italian Lime essential oil, organic virgin coconut oil, and organic shea butter into a hard, long-lasting bar with foamy lather. This soap has a robust lime peel aroma you will love. Citrus essential oils are valued for their antiviral and antibacterial properties.

Orange Eucalyptus Spa Soap

Orange Eucalyptus Spa Soap is fragrant with Orange, Eucalyptus, and Peppermint. A few deep breaths of Orange Eucalyptus Spa Soap will start your day with clarity. Enjoy the soft blue colors with bits of orange, inspired by a beautiful sunset.

So Sensual Spa Soap

So Sensual Spa Soap is truly an indulgent bath soap, rich and sensual. This is a magical blend of essential oils of Patchouli, Rose Geranium, and Cinnamon—romantic and loved for its uniqueness. Patchouli is a relaxing oil and influences the 1st Chakra governing power and money.

Patchouli Passion Spa Soap

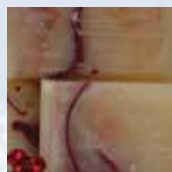

Patchouli Passion is for patchouli lovers! It is loaded with real Patchouli essential oil and enhanced with Cinnamon Leaf. This is not the fragrance oil popular in the 1960's! Besides having aphrodisiac properties, Patchouli is excellent for dry skin and also a mood lifter.

Tea Tree Healing Bar Spa Soap

Australian tea tree was named by the famous botanist Joseph Banks, who observed the Aboriginal people making tea from leaves. The Aboriginals also used Eucalyptus leaves on wounds to prevent infection and speed healing. This is a fragrant yet protective soap with Tea Tree, Eucalyptus, and Spearmint—perfect for the winter season. If you enjoy a big lather soap in something other than floral or citrus, this is a good choice.

Peppermint Spa Soap

Peppermint Spa is a smooth peppermint soap (no exfoliating oatmeal) enriched with Nutmeg essential oil, which gives it a magical shade of peppermint aroma. It is especially beautiful for the winter season with a touch of red reminiscent of candy canes.
